

9 August 1977

MEMORANDUM FOR THE RECORD

1. Mr. Keith Fitch, of Hampden-Sydney College, called this afternoon regarding the Director's prior agreement to participate in the Hampden-Sydney Fellows Program at the College. Mr. Fitch said that the Director had agreed to this during a recent conversation with Josiah Bunting, the President of the College.

2. Mr. Fitch said that the timing of the Director's visit was not yet firmed up but that it would be sometime in March or April 1978. The Fellows Program is a residency program, and speakers usually participate from Wednesday evening to Friday. Mr. Fitch realizes that the Director probably cannot devote that much time with the group; he therefore stated that a one-day visit could be planned. He suggested that the Director could come down on a Wednesday evening, stay overnight, and address the group on Thursday morning. If that is not feasible, an afternoon or evening lecture could be arranged. They seem pretty flexible. The subject of the Director's lecture is up to him, but they prefer it to be of broad topical interest.

3. I told Mr. Fitch that I would pass this information along to the action officer, probably Mr. Herbert Hetu, and that we would be back in touch with him. Mr. Fitch can be reached on 804; 223-4381.
